369 Councils in Great Britain

18,615 Councillors*

* excludes City of London Corporation and Council of the Isles of Scilly
 'Independents and others' category may include multiple groups and so not give any single one overall control even when these total more than 50% of councillors.

Council control is accurate following the elections of 2 May 2024. Control can change as a result of defections or by-elections. Information compiled by Professor Colin Rallings and Professor Michael Thrasher, associate members, Nuffield College, Oxford.
